REMARKS.—The Flour market is firm, under light receipts and a steady demand for medium and low grades. Family brands are in good supply, and the demand is limited. We note limited transactions in the absence of stocks, and revise our quotations as follows: Family 8 25 to \$8 50, choice 8 25; Extras 7 50 to \$7 62; Supers 6 50 to \$6 75. Wheat closes active at figures that have ruled since the opening of the week; offerings of 340 bushels red, with sales at 150, 158 and 163 for fair to good, and 173 for choice. Corn is steady; offerings of 1002 bushels mixed and 100 of yellow, with sales of the former at 64 and 65, and of the latter at 65. Rye is firm; sales of 20 bushels at 98. Oats are unchanged; offerings of 80 bushels, with sales at 54 for ordinary samples. Plaster is in good demand, and the stock is light. Salt is in fair request. Wool is in moderate demand. ALEXANDRIA CATTLE MARKET, Jan. 26.—[Reported by J. R. Snoot, Live Stock Broker.] Beef Cattle.—The offerings this week were larger than for several weeks past, and greatly in excess of the demand, the general quality of the stock being good. There were 230 head on the market as Beef Cattle and about 50 head of feeding or stock cattle. Prices ranged from 3 to 7c for the former, and from 4 to 5c for the latter—averaging 4 1/2c. Choice Cattle were in demand, and the prices of last week were fully sustained, while ordinary and common were very dull at a decline of 4 to 1c. The present week is regarded as the duller for several months past, many of the cattle having to be held over for next week. Cows and Calves are in full supply, and sell at from 25 to 30c per head, according to quality.

BALTIMORE CATTLE MARKET, Jan. 25, 1872.—Beef Cattle.—Prices for Beef Cattle ranged as follows: Best Beeves at 5 75 to \$6 75; medium or good fair quality at 4 75 to \$5 75; ordinary thin Steers, Oxen and Cows at 3 25 to \$4 50; inferior and lowest grades of Cattle 0 00 to 2 00—general average of the market today 55 00. Total sales for the week 1257 head, against 914 last week, and 1263 head same time last year. LOCAL NEWS.

FIRE.—The alarm of fire about half past twelve o'clock, last night, was caused by the burning of a framed building near the intersection of Prince and West streets, known as Shiloh Church, a colored Baptist meeting house. The fire department was speedily on the ground and hard at work, and owing to their exertions the flames were prevented from spreading, but the building in which the fire originated was entirely consumed. It is said that a meeting was held there earlier in the night, and that the fire caught from the heated stove, but another supposition is that the fire was the work of an incendiary. There was an insurance on the property of \$200 in the Southern Mutual Insurance Company of Richmond, of which G. K. Witter & Co., of this city, are the agents. Since the above was written David Manley and Patrick Doran, suspected of having caused the fire, have been examined by the Mayor, but nothing was discovered that would directly criminate them.

THE HARMONIE BALL.—The masquerade and fancy dress ball of the Harmonie Association at their rooms over Adams Express building, last night, was one of the most delightful affairs of the season, and passed off to the entire satisfaction of all who were present. The masks were numerous, and among them all sorts of characters were represented—in many instances to perfection. The music was excellent, and the refreshment table contained the most tempting viands. The dancing hall was beautifully decorated with flags, flowers, and evergreens, and was brilliantly illuminated by sparkling gas jets, and with the many hued dresses of those who crowded its floor, presented a most attractive scene. An entirely new feature in the entertainment was the representation of a voting precinct with the ticket to be voted at the next municipal election. The affair was a great success, and will long be remembered by those who were present as one of the most agreeable public entertainments they ever attended.

COLUMBIA FIRE COMPANY.—At a called meeting of the Columbia Fire Company held last night the President William Kilgour occupied the chair, and M. McLean was Secretary. The only business outside of that immediately connected with the private affairs of the company was the appointment of a committee of three, consisting of W. Kilgour, K. Kemper and Thomas Reichell to confer with like committees of the other companies in the Fire Department with reference to the Firemen's parade on the 22nd proximo, and the appointment of another committee, consisting of W. H. Underwood, Geo. Uhler, M. McLean, Edmund Burke, A. J. Marshall and D. A. Windsor to make arrangements with the Alexandria Dramatic Association for the benefit soon to be given the company.

FRIENDSHIP FIRE COMPANY.—At a meeting of the Friendship Fire Company held last night the President, Dr. J. B. Johnson, presided; and James Dugan acted as Secretary. Mr. J. W. Nalls stated that in accordance with instructions he had waited upon the Fire Wardens and asked them for coal for the use of the company, but that they had laughed at the idea of giving coal to the Friendship Company as it was an independent organization, and said that if the members wanted coal they must buy it for themselves. An invitation from the Sun Fire Company to participate in a Firemen's parade on the 22nd of February was received, and a committee consisting of J. W. Nalls, S. S. Brown and James Travers, appointed to make arrangements for the same.

RIVER NEWS.—The ice in the Potomac extends as far down as Aquia Creek, and entirely prevents the navigation of the river by sailing vessels, though steamers experience little difficulty in traversing it. The trips of the Maryland ferry boat, and that of the Mount Vernon steamer continue suspended. The schooner C. P. Stickney, from Georgetown for New York, with a load of coal, laid to anchor here, and a schooner loaded with grain for Georgetown is also detained at this port by the ice. The New York steamer sailed to-day on her regular trip. Several puny boats and sloops are lying at the oyster dock with cargoes of fine oysters. Many persons are daily attracted to the Potomac street dock to witness the operation there of the steam dredging machine.

SUIT.—In the Supreme Court of the District of Columbia, in general term, yesterday, the case of Child vs. Trist was taken up. This is an action on the Equity Court in an action to enforce a claim for 25 per cent. upon some \$14,000, appropriated by Congress to the relief of N. P. Trist, negotiator of Guadalupe Hidalgo. The court below held the claim unsupported and contrary to public policy, and an appeal was taken to the general term, which was argued yesterday by Mr. Durant for the appellee, Messrs. Butler and Muzzy, appellee's counsel, being absent. The court affirmed the decree of the court below. An appeal to the Supreme Court of the United States was prayed by Mr. Childs and granted.

MAYOR'S OFFICE.—Dick Spotswood, a colored boy, charged with stealing fire wood, timber from the upper coal wharves, was turned over to his father, who promised to administer the required punishment. John C. Gosnon, arrested yesterday and examined before both the Mayor and Magistrate's Courts for selling books without a license, was dismissed as it was proved that he was an agent for W. W. Hayne of Washington, who had the required license.

NIGHT REPORT.—Night clear and cold. There were no disturbances, nor any arrests. Two lodgers but no prisoners were at the station house.

P. & P. RAILROAD.—The committee of citizens of Fairfax county, appointed at a late meeting, yesterday laid before the President of the P. & P. Railroad, the resolutions of that meeting, in favor of the route by Fairfax County House, connecting there, or near there, with the Independent line route of the Manassas road, and using the road bed from there to Aldie. Nothing certain was determined on. The whole matter will be laid before the directors for future action. It is supposed that surveys will be soon commenced.

U. S. DISTRICT COURT—Judge Underwood presiding.—In the case of the U. S. vs. Elbridge Duncan, for violating the Internal Revenue laws, the jury, yesterday evening, rendered a verdict of not guilty.

To-day, in the case of the U. S. vs. William Stringfellow, of Calverley, for a violation of the Internal Revenue law, for the manufacture of whiskey without a license, the jury returned a verdict of not guilty.

SUDDEN DEATH.—A colored man named George Daingerfield, living on Fayette street, near Duke, was found, about five o'clock yesterday evening, sitting in a chair dead and stiff. He had been sick for some time, but those living in the same house, left him earlier in the afternoon he was apparently as well as he had been for weeks past.

DEPREDACTION.—The wharves at the outlet locks of the Canal known as the upper Coal wharves have been so depredated upon of late by bad thieves that but little of them, except the piles, remain.

Owing to the indisposition of Master De Witt C. Hough, he will be prevented from filling his engagement in this city to-night.

RUBBER CUSHIONED SLATE.—We have received one of the new rubber cushioned, noiseless slates, introduced into the public schools—simple in their construction, but of excellent quality and strongly-framed, with india rubber cushions to prevent noise or scratching. For sale at the book store of Mr. Geo. E. French, No. 95, King street.

CITY SCHOOL BOARD.—The regular monthly meeting of the city School Board will be held at the Superintendent's office, this evening at 7 o'clock. The principal business transacted will, probably, be the election of an assistant teacher for Washington School, and taking the preliminary steps for building a school house for Custis School.

STAY OF EXECUTION.—In the case of Washington & Co. vs. Garwood, Deputy Marshal, heretofore noticed, Judge Underwood has granted a stay of execution for three weeks, with a view to take into consideration an application for a rehearing of the cause. C. W. Wattles for plaintiff, F. L. Smith for defendant.

MASKED BALL IN LEESBURG.—A fancy dress and masked ball was given in Leesburg last night by some of the young gentlemen of that town at the house of Mr. M. Delany. A large company was present and the affair is represented as having been delightful in every particular.

ETHIOPIAN MINISTERS.—The performance of Duprez & Benedict's Minstrels at Sarepta Hall last night was witnessed by a large audience—every seat being occupied, and the space in rear of those filled with standing people—all of whom were delighted with the entertainment.

NEW DRY GOODS STORE.—Mr. Hay B. Hoopes, a prominent merchant of Fredericksburg, has determined to remove to this city, and early in the spring will open a large dry goods establishment in the building on the northwest corner of the intersection of King and Pitt streets.

SKATING.—Those fond of skating and of looking at that sport have for several evenings past crowded the Canal basin, the ice upon which is about three inches thick, but rather rough. A young man named Travers "broke in" there yesterday afternoon, but was speedily rescued.

MILITARY ACADEMY.—The Governor laid before the House of Delegates on Tuesday a communication from Captain Wm. Myers, of the U. S. army, asking, the consent of Virginia to the purchase of a tract of land in Fairfax county as a national military academy.

LADY SPORTSMEN.—Messrs. John McWilliams, James Dugan and Henry McWilliams of this city, went gunning in Fairfax county on the 25th inst., and succeeded in bagging on that day 28 partridges, 8 field larks, 7 hares, and 2 grey foxes.

"ROSLYN." in this county near the Aqueduct is getting quite famous as the scene of dog fights, chicken fights, and scrub races.

Resolutions were adopted urging upon Congress the necessity and importance of immediate action to the end that all barriers be at once removed that now impede the progress of the railroad between St. Louis and San Francisco via the Indian Territory, New Mexico and Arizona. The President of the Board was instructed to appoint a committee to go to Washington and present this action to the senators and representatives from Missouri. Additional resolutions favoring the removal of all obstructions to the boundaries of the Atlantic and Pacific Railroad were adopted.
